12th tradition of Alcoholics Anonymous states “Anonymity is the spiritual foundation of all our traditions” and in that regard to ensure members feel safe in attending and what they share, this meeting does not maintain logs of attendees, nor does it record what members share and does not record images of those in attendance. This is a closed meeting of Alcoholics Anonymous, which means you need to have a desire to stop drinking if you wish to attend. By downloading this document and completing it the person is attesting they have attended on the specified date and time.
